black swan a few years back i started to look into taleb s other books decided to pick up this boxed set and it didn t disappoint taleb s ability to bine his incredible wealth of knowledge in the fields of statistics and human behaviour with his somewhat dry sense of humor leaves a volume that i can t wait to read a second time around'

June 1st, 2020 - taleb has referred to the structure of this set being fractal in nature thus the reader can pick and choose which books to read in any order he likes it will work as a cohesive whole in any order and i think this is the meaning behind his choice of calling this an incerto my only gripe with this beautiful box set is actually the box itself 'incerto box set by nassim nicholas taleb waterstones
