few people in my life
including my midwife have
suggested magnesium
supplementation to
remedy these awful leg
foot cramps during
pregnancy" is it bad to
drink diet soda while
pregnant hello

May 21st, 2020 - nutrition is
a primary factor in the health
of pregnant women and their
babies an occasional diet
soda is usually fine and will
not affect the health of the
mother or developing fetus
however diet sodas contain

artificial sweeteners and do not provide any nutritional benefits most types of diet soda also contain

caffeine"mother amp child are linked at the cellular level laura

May 24th, 2020 -

apparently it s also true on the physical level

sometimes science is

filled with transcendent

meaning more beautiful

than any poem to me this

new research shows the

poetry packed in the

people all around us it s

now known that cells from

a developing fetus cross

the placenta allowing the

baby s dna to bee part of

the mother s body'
