## **why concrete is your new favorite 2018 interior design trend**

May 23rd, 2020 - if concrete floors aren't your thing concrete walls are also a great way to make a style statement however you'll probably want to stick to a singular accent wall in this case while one wall will probably add a bold punch of texture and visual interest multiple walls run the risk of feeling too stark and overwhelming'

'building high performance precast concrete solutions  
May 27th, 2020 - texture and colour consolis concrete products e in a multitude of colours shades and textures a smooth grey surface is no longer the only option precast concrete offers a multitude of binations for creative building design urbanization and global trends in the construction market'
