'cold war causes facts amp summary britannica

June 8th, 2020 - cold war the open yet restricted rivalry that developed after

*world war ii between the united states and the soviet union and their
respective allies the cold war was waged on political economic and propaganda
fronts and had only limited recourse to weapons the term was first used by the
english writer gee orwell in an article published in 1945 to refer to what he
predicted would be a'*
