April 7th, 2020 - no doubt kill fuck die proves that but still not black enough is a melancholic album that reflects on the despondent moments of life where reality can truly be as bleaker as it seems beyond observations of the

insanity around us lawless echoes personal struggles and endeavors namely in tracks like i can t and no way out of here the tragic poignant build up of the former is matched only by the most epic of w a s p tracks while the latter contains dialectic lead"**release group still not black enough by w a s p**
