April 6th, 2020 - this was a most interesting book like everyone else of my generation I learned at school about Marie Curie as the discoverer of radioactivity and I was impressed by the fact that in 1903 she was the first woman to win the Nobel Prize for science jointly with her husband going on to win it again in her own right in 1911 for her discovery of polonium and radium'

'Obsessive Genius: Goldsmith Litlovers

April 8th, 2020 - Marie Curie's achievements are astonishing and her success as a female scientist in a sexist scientific climate is a further tribute to her character and conviction. How has the mythology of Marie's life and the misattribution of her merits she is better remembered for the discovery of radium than for the inroads she made into radioactivity and atomic science eroded the impact of her work?
