of the austrian empire and  
austria hungary is a detailed  
monograph that places the  
politics and foreign affairs of  
the habsburg empire from

exclusively dedicated to the  
political history of the  
habsburg empire between  
1809 and 1918 although the  
author very briefly describes  
earlier crucial historical events  
and the multinational  
character of the empire in
