*the sailing frigate a history in ship models robert
May 4th, 2020 - as far as pure history books go the
sailing frigate a history in ship models is a bit on the
light side but as far as visual illustrative histories of
ships go this book is stellar this bination of text and
rare illustrations add up to a book that is a helpful
introduction for the novice and a unique visual
history for even the most initiated of naval
historians"***the sailing frigate a history in ship

*April 12th, 2020 - in the modern day the term frigate
covers a broad range of ships this is primarily for
political reasons the generally accepted term is of a
warship less than 6 000 dwt and greater than around
2 000 dwt its primary purpose is usually anti
submarine warfare'*

**'the sailing frigate a history in ship models robert
May 3rd, 2020 - this history of the british sailing
frigate is unusual in that it is based around the
impressive collection of scale models of ships in
the collection of the national maritime museum
many of these models are impressively accurate
portrayals of particular ships or classes of ship
and are thus an excellent source for the details of
ship construction'**
