the expanse abaddon s gate tv episode 2018 imdb

April 23rd, 2020 - abaddon s gate 13th and the final episode of season 3 terrifically closed the season this whole season was the best this has produced yet it would be such a shame if the series did not continue further this is my favorite sci fi show at the moment because its story is amazing to say the least its not predictable and kinda reminded me game of thrones its that good
