oxford university press
May 31st, 2020 - this monograph on
the biology of animal building
embraces all groups from simple
invertebrates to primate toolmakers it

looks at the behavioral and anatomical equipment animals have in order to build as well as the materials available to them it examines how architects are able singly or collectively to produce plex structures often much larger than themselves'

'animal architecture hardcover abrams April 13th, 2020 - capturing 120 of these wonders in all their beauty and plexity animal architecture presents a visually arresting tribute to the intersection of nature science function and design ingo arndt s stunning studio photographs and vibrant in situ shots of nests forests and wetlands provide close up details of these designs as well as the animals who

created them'

'16 zoo animal books for children adventures with kids

May 31st, 2020 - an adorable book that is a must read for kids ages 1-3 years. Zooology by Joelle Jolivet is one of those books that kids will read over and over. First, it is a large over-sized book which allows the illustrations to be examined more carefully.
