welfare of animals in  
laboratory and 'animal  
research vs animal  
experimentation opposing  
views

May 10th, 2020 -  
conflating animal research  
with animal  
experimentation is part of  
this effort as long as

---

---

vivisection activists can  
conflate experimentation  
with research they can  
convince the unknowing  
that what vivisectors  
really do with animal in  
labs is all touchy feely  
and posed of warm blankets  
and chocolate cake'

'animal experimentation a  
glimpse of its past  
present

May 23rd, 2020 - the topic  
of animal experimentation  
is indeed a very difficult  
ethical challenge after  
all animals do feel

---

---

suffering and pain if we accept that animals also have rights and that experimenting on them violates those rights then we can all agree that testing on animals is a moral violation of their rights'

'what are animal rights thoughtco

May 30th, 2020 - animal rights are the belief that animals have a right to be free of human use and exploitation but there is

---

---

a great deal of confusion about what that means animal rights are not about putting animals above humans or giving animals the same rights as humans also animal rights are very different from animal welfare'

'the truth about animals used for experimentation  
peta

May 30th, 2020 - there are many non animal test methods that can be used in place of animal testing

---

---

not only are these non  
animal tests more humane  
they also have the  
potential to be cheaper  
faster and more relevant  
to humans while some of  
the experimentation  
conducted on animals today  
is required by law most of  
it isn't animal  
experimentation science  
the guardian

May 29th, 2020 - the
