April 17th, 2020 -  
the snare drum  
seems to have  
descended from a  
medieval drum  
called the tabor

---

---

which was a drum  
with a single gut  
snare strung  
across the bottom  
it is a bit bigger  
than a medium tom  
and was first used  
in war often  
played with a fife  
or pipe the player  
would play both  
the fife and drum  
see also pipe and  
tabor'

dancer calls for  
no down time and  
forces both the  
dancer and the

pletely engaged  
for the entire  
performance one  
reason why the  
music dance  
relationship is so  
important to me is  
because i am a tap
