*'abby howard on mammal takeover and her earth before us
May 4th, 2020 - mammal takeover is interesting in that as you
mentioned earlier it covers the part where human beings finally enter
the history of life on earth over the decades and centuries there has
been a lot of controversy regarding human evolution humanity s
responsibility for the extinction of various kind of cenozoic megafauna*

and of how our concepts of race play into places of origin'
