***toning and handcoloring  
photographs book by tony  
worobiec***

*June 9th, 2017 - perhaps as  
a reaction against the  
growing tide of digital  
photography many  
traditional photographic  
techniques are enjoying a  
creative revival the most  
popular are the related  
skills of toning and  
handcoloring now there s an  
easy to use resource that  
shows artists photographers*

---

---

*and crafters how to master this unique age old technique in'*

**'toning and handcoloring photographs by tony worobiec**

**May 12th, 2020 - toning and handcoloring are two such classic techniques from sepia and blue to gold copper and green plus numerous binations of these toning agents can enrich black and white prints and make them more unque while handcoloring with watercolors or photo oils and pencils can imbue photographs with a personal nostalgic feeling'**

**'photography how to hand color your black and white prints**

**May 29th, 2020 - handcoloring is the technique of adding color to a black and white photograph the process dates back to the earliest days of photography and its purpose was to add realism to the prints with the introduction and wide use of color film handcoloring has bee a creative form of expression and a unique art form'**

---

---

**'hand colouring silver  
gelatine prints thorley  
photographics**

May 31st, 2020 - hand  
colouring or hand coloring  
refers to any method of  
manually adding colour to a  
black and white photograph  
generally either to heighten  
the realism of the  
photograph or for artistic  
purposes this process is also  
sometimes called hand  
tinting terms like over  
painting and hand painting  
are also sometimes used  
although they refer to a  
slightly different  
technique"*polaroid transfer
