Lasers in Dermatology and Medicine 9780857292803
October 3rd, 2019 - Laser medicine has become a major discipline in its own right with applications in dermatology plastic surgery ophthalmology cardiology gynecology otolaryngology neurology and neurosurgery Lasers in Dermatology and Medicine offers a comprehensive review of all the major disciplines in medicine in which lasers are being used and has been written by a host of well known authors in their"**Corpus callosotomy via laser interstitial thermal therapy**

December 21st, 2019 - To the authors? knowledge this is the first case series of corpus callosotomy performed using the MRg LITT system with a 3 3 year average follow up Although MRg LITT is not expected to replace the traditional corpus callosotomy

in all cases it is a safe effective and durable alternative to the traditional open corpus callosotomy particularly in the setting of a prior craniotomy'
