walden is an  
american masterpiece  
a story of renewal  
and a statement of  
the individual s  
responsibility to  
himself to society  
and to the world at  
large the seasonal  
cycle of the book  
sort of drills down  
into contemplation  
so that you are  
eased into winter  
and deeper thought  
whenever i pick up  
walden i always  
expect an ecstatic  
tract a la muir and  
fet how humorous  
thoreau is'

both liked and hated  
him on the one hand  
yes it s extremely  
fascinating and in a  
way honorable that  
he was so mitted to

eloquently able to

introspective  
idealistic  
philosophies'*
