'euclidean geometry
May 26th, 2020 - euclidean
geometry is a mathematical system
attributed to alexandrian greek
mathematician euclid which he
described in his textbook on
geometry the elements euclid's
method consists in assuming a
small set of intuitively appealing
axioms and deducing many other
propositions from these although
many of euclid's results had been
stated by earlier mathematicians
euclid was the first to show'
