**July 5th, 2018 - I got my
grubby mitts on an FX
Monsoon earlier this year
aside from its voracious
appetite for air and lead as
well as a fiddly magazine
loading procedure I have
nothing bad to say about it So
far it s been soldiering on with
a Russian ??? 23 red dot sight
good for 1 knockdowns at 45
yards but it deserved
something better so it s now
fitted with a massive Simalux
8 5 34x52 cheers'
