'bar lev line

June 5th, 2020 - in his book the yom kippur war the epic encounter that transformed the middle east historian abraham rabinovich posits that the bar lev line was a blunder too lightly manned to be an effective defensive line and too heavily manned to be an expendable tripwire moreover it can be argued that the concept of the line was counter intuitive to the strengths of israeli battle tactics which at their core relied on agile mobile forces moving rapidly through the battlefield rather than'
