Monetize apps with Windows Store sales in app purchases and advertising. Make the most of controls for managing content items, text, images'

'introduction to universal windows apps in Windows 8.1 and

June 4th, 2020 - universal windows apps are there to allow the same app to be written for Windows 8.1 Store and Windows Phone 8.1 with little code changes. Note that it's not the same as linking a Windows and phone app in the store. This can be done in the non-universal model as well. Here I'm referring to actual code sharing whether the apps will be linked in the store or not'
